for numan, fowl and animal flesh, was first prepared and introduced by Dr. Geo. W. Merchant, in Lockport, N. Y. U. S. A., 1833, since which time it has steadily grown in public favor, and is now acknowledged and admitted by the trade to be the standard liminent of the country. When we make this announcement we do so without fear of contradiction, notwithstanding we are aware there are many who are more or less projudiced against proprietary remedies especially on account of the many humbugs on the market; however, we are leased to state that such prejudice does not exist gainst GARGLING OIL. We do not chaim wonlers or miracles for our liniment, but we do claim it is without an equal. It is put up in bottles of three sizes, and asil we ask is that you give it a fair trial, remembering that the Oil put up with white wrapper (small) is for human and fowl flesh, and that with yellow wrapper (three sizes) for animal flesh, but three sizes) for animal flesh. One of the principal reasons of the wonderful success of Merchant's Gargling Oil is that it is manufactured strictly on honor. Its proprietors do not, as is the case with too many, after making for their medicine a name, diminish its curative properties by using inferior compounds, but use the very best goods to be bought in the market, regardless of cost. For haif a century Merchant's Gargling Oil has been a synonym for honesty, and will continue to be so, long as time endures. For sale by all respectable dealers throughout the Cannot be Disputed. to be confined is a remedy upon which implicit confidence can be placed—one that will produce a safe and quick delivery—one that will control pain and shorten the duration of labor. Such is "THE MOTH-ER's FRIEND," Try it and see what A Blessing it is to Suffering Females. This Liniment when used two or three weeks before confinement, produces a wonderful effect,
causing a very easy and quick labor, with comparatively little pain, and leaves the mother in a condition to recover quickly—or in other words to have
a good getting up. Under it use, labor will ordinarily occupy much less than the usual time, and
the suffering be diminished beyond expression.

The condition for which this remedy is offered is
of such a character as to forbid a long array of certificates. Those interested in its use are respectfully referred to the hundreds who have used it.

READ THE TESTIMONIALS: I most earnestly entreat every female expecting to be confined to use the "THE MOTHER'S PRIEND." Coupled with this entreaty, I will add that during a large obstetrical practice (forty-four years), I have never known it to fall to produce a safe and quick delivery.

H. J. HOLMES, M. D., Atlanta, Gs.

A lady from one of the counties of Middle Georgia, who has been acting as midwife for many years, writes: "I have disposed of all THE MOYHER'S FRIEND you sent me, and I am DELIGHTED WITH IT. In every instance where it has been used its effects have been all that I could ask. I CONSIDER IT A GREAT BLESSING." A gentleman writes: "My wife used your MOTHER'S FRIEND at her fourth confinement, and her testimony is that she passed through it with one-half of the suffering of either of her former confinements, and recovered from it in much less time. She also recommended it to a lady friend who was about to be confined for the first time, and she ways: 'I HAVE NEVER SEEN ANY ONE PASS THROUGH THIS GREAT TRIAL WITH SO, MUCH EASE AND SO LITTLE SUFFERING.'"

The names of all these, and many others, can be had by calling at my office.

Having had the foregoing remedy Thorsoughly Trested at a suffering superior merits.

I am permitted also to refer to the following well-known citizens of Atlanta: C.S. Newton, Wm. M. Crumley, Fr., W. A. Gregg and D. Bain; all of whom are ready to testify to the merits of the preparation.

'Coleman Corn Mill."

These Mills will grind faster and better than any other of the same diameter of stone ever offered to the public. We make eight sizes from 18 inch up to 35 inches, either Pul-ley or Geared Mill, and either Counter-shaft or with Mortise (Noiseless) Gearing. The COLEMAN CORN MILL has success-

fully stood the test o over 30 years practical use, and stands pre-eminent to-day in the milling art.
We have made many valuable improvements and recent conveniences, including our Center-lift attachment, Iron Bridgetree, etc., and in vite the closest scrutiny and criticism to the character of our work, and the materials used n their construction.
COLEMAN'S CORN MILLS have solid French Burr Stones, are made entirely by us at our Foundry, Factory and Machine Works here in New Orleans, and a full line of all
